Senior Investment Advisor

T: 519-725-4109

As a Senior Investment Advisor at TD Wealth Private Investment Advice, I work closely with individuals and families to help them feel confident and supported in their financial decisions—so they can focus on what matters most in life. Every client's story is different. I take the time to understand your goals, your priorities, and the people who matter to you.

From investment management and retirement planning to insurance and succession strategies, my role is to bring clarity to complex decisions and provide thoughtful guidance at every stage. With a Bachelor of Commerce Degree and a Chartered Investment Manager (CIM®) designation and 3 decades of experience with TD Bank Group, I combine professional expertise with a practical, steady approach. More importantly, I'm committed to building long-term relationships grounded in trust, transparency, and open communication.

To me, wealth is about more than financial outcomes, it's about building security, creating opportunity, and feeling supported in the decisions that shape your future. Whether you're building your wealth, preparing for retirement, or planning a transition to the next generation, I'm here to guide you every step of the way.

I am a proud supporter of a variety of local charities and am passionate about helping school-aged youth develop essential life skills. As a volunteer with Junior Achievement, I enjoy introducing young people to financial literacy and job readiness concepts, helping to prepare them for future success. In my spare time, I enjoy spending time with family and friends, staying active through golf, and exploring new destinations through travel.

If you're looking for a thoughtful, client-focused approach to your financial future, I'd welcome the opportunity to connect.
