> Dear: Mrs. Rene Kormos,

Hello! How are you doing with your family? My family and I are fine here in Benin.

On my birthday, I cooked dough with vegetable sauce and together my parents and I eat that meal. My friends also come to visit me; we play together tap-dancing.

Right now, we are busy doing field activities. My village's school is built with shed but we also have buildings made of wall. I wish you to spend good time and happy year.

Thanks! I am waiting to hear from you soon.
